EXCEPTIONAL CARE WITHIN REACH

ROBOCARE SURGICAL CENTER

全菲律賓首台 單孔腔鏡手術機器人

THE COUNTRY'S FIRST SINGLE-PORT ROBOTIC SURGICAL SYSTEM

中華崇仁總醫院暨醫學中心
引進全菲律賓首台 圖邁™單孔腔鏡機器人手術系統

Chinese General Hospital and Medical Center (CGHMC) now offers the country's first Toumai™ endoscopic single-port robotic surgical system at the Robocare Surgical Center.

透過單一微創切口，醫師能更精準地完成複雜手術，帶來以下優勢：

Through a single small incision, surgeons can perform complex procedures with precision, resulting in:

- ✓ 傷口更小、組織損傷更少 Less incision and less tissue trauma
- ✓ 疼痛感降低、出血量更少 Less pain and reduced blood loss
- ✓ 住院時間更短、恢復更快速 Shorter hospital stay and faster recovery
- ✓ 傷口疤痕更小、美觀效果更佳 Minimal scarring for better cosmetic results

歡迎蒞臨中華崇仁總醫院暨醫學中心

探索單孔腔鏡機器人手術技術

DISCOVER SINGLE-PORT ROBOTIC SURGERY AT CGHMC
