Ford Year-End Sale: Say YES to Ford Philippines' year-end deals on best-selling vehicles

Year-ender offers include 5-Star Care package on refreshed Ranger and Everest line-up, a special price for the Ford Everest Sport and special financing offers

Ford Philippines is welcoming the much-awaited Christmas season in the country with its Year-End Sale (YES) program, allowing customers to enjoy a wide variety of promotional offers that include the 5-Star Care package, special financing offers and a limited time pricing for the Ford Everest Sport.

Headlining the YES offers is the 5-Star Care package that comes bundled with the refreshed Everest and Ranger. As the first of its kind in the industry, the 5-Star Care package allows customers to drive with confidence and enjoy greater peace of mind throughout their ownership journey with 5-year scheduled service plan (SSP), 5-year vehicle warranty, and 5-year emergency roadside assistance.

5-Star Care Package

With a 5-year SSP, the customer receives up to 5 years or 50,000 km, whichever comes first, of covered periodic maintenance, with no cash-out for covered items on eligible periodic maintenance schedule (PMS) visits. Customers are eligible to avail the PMS once a year or 10,000 km, whichever comes first, with a maximum of five (5) services over a period of 5 years. With SSP, customers are protected from future price increases for parts and labor and can enjoy access to genuine Ford parts and Ford-trained technicians on their maintenance services.

Meanwhile, the 5-year vehicle warranty allows customers to stay protected for eligible repairs and labor expenses up to 5 years, or 150,000 km, whichever comes first. Under the package, over 1,000 Ford component parts are covered, giving owners confidence and peace of mind for a longer period of time.

Lastly, the 5-year emergency roadside assistance gives customers access to 24/7 emergency road services which includes towing, on-site support such as tire change, battery boost and fuel delivery, and customer transport.

"We're moving towards a more value-based promotion by bundling the 5-Star Care package with our vehicles," said Byron Daquil, director, Retail Product Marketing and Business Growth, Ford Philippines. "This package is a comprehensive service offering that covers PMS, locks in service prices, and extends on-road assistance up to 5 years, enabling worry-free ownership experience that gives customers better value in their purchase than outright cash discounts."

Low monthly and all-in downpayment offers

Under the YES program, customers looking for a Territory Hybrid can avail of the low monthly offer of P19,999 for the Trend variant or a 0% interest program for Titanium X variant. The newly-launched Territory Hybrid Platinum is still available with a free 2-year SSP.

The Everest Wildtrak is available with an all-in downpayment of P199,000 and 5-Star Care package while the Everest Sport is available with an all-in downpayment of P99,000 and 5-Star Care package. On the other, customers getting a Ranger can enjoy an all-in downpayment of as low as P49,000 for the Ranger XLS or 0% interest for a Ranger Sport.

Everest Sport at P1,999,000

For a limited time only, the Everest Sport is offered at P1,999,000 with 5-Star Care package. The Everest Sport combines bold styling, versatile capability and everyday comfort. Black

exterior accents and 20-inch black alloy wheels give it a distinctive presence, while its 2.0-liter turbo diesel engine delivers 170 PS and 405 Nm of torque, paired with a 10-speed automatic transmission. Inside, a two-tone leather interior and advanced driver-assistance features add comfort and confidence for journeys from city streets to weekend destinations.

For more information on the Year-End Sale, customers can visit their nearest Ford dealer, the Ford website and its official social media accounts.

MG's Electrified Lineup Earns International Awards Across Multiple Vehicle Segments

MG Motor continues to build its international reputation for electrified mobility with its growing New Energy Vehicle (NEV) lineup earning recognition from respected automotive publications and industry organizations across multiple markets. From hybrids and plug-in hybrid SUVs to fully electric vehicles, the awards highlight MG's growing presence across vehicles segments and its continued focus on technology, efficiency, practicality and value.

Among its latest achievements, MG's fully electric lineup has secured notable recognition in 2026.

MG4 Urban EV

• Best Electric Small Car 2026 — What Car? Electric Car Awards (United Kingdom)
• Best Electric Small Car 2026 — Wheels Car of the Year (Australia)

Despite its compact footprint, the MG4 Urban EV offers a spacious cabin, giving passengers generous room to sit comfortably while retaining the maneuverability of a city-friendly vehicle. Its well-designed interior, generous cargo capacity of up to 1,364 liters with the rear seats folded, and smart features make it a compelling choice for motorists who want the convenience of a compact car without compromising on space and comfort. These awards highlight its combination of value, interior space, ride comfort, and engaging driving dynamics.

MG S5 EV

• Best Affordable Car Technology Package of Europe 2026 — AUTOBEST (Europe)
• Premium EV Compact SUV (CAT A) of the Year 2025 — OneShift Car of the Year Awards (Singapore)

The MG S5 EV brings a more engaging character to the compact electric SUV segment through its rear-wheel-drive configuration, which delivers a sportier and more dynamic driving experience. Paired with a 170 PS electric motor and 250 Nm of torque, it offers responsive performance while its advanced technology makes every drive more intuitive and connected. Its combination of driving enjoyment and intelligent technology helps explain its recognition across Europe and Singapore.

In the plug-in hybrid category, the MG HS PHEV continues to build an impressive record, earning distinctions across different markets.

MG HS PHEV

• Best Plug-in Hybrid 2026 — Auto Express (United Kingdom)

• Best-Selling Plug-in Hybrid 2025 — HIGHMOTOR (Spain)

The MG HS PHEV combines strong electrified performance with the comfort and refinement of a premium SUV. Its 1.5-liter turbocharged plug-in hybrid powertrain delivers a combined output of 272 PS, with up to 120 kilometers of pure electric driving range and a combined range of more than 1,300 kilometers. Its ability to offer electric driving for daily routines while retaining the flexibility for longer journeys makes it a compelling choice in the plug-in hybrid segment.

The recognition extends to MG's family-oriented SUVs. The MG RX9 PHEV, marketed as the MG S9 PHEV in select international markets, was named Best Hybrid 7-Seater by What Car? in the United Kingdom.

MG RX9 PHEV

• Best Hybrid 7-Seater 2026 — What Car? Electric Car Awards (United Kingdom)

As MG's flagship seven-seat plug-in hybrid SUV, the MG RX9 PHEV brings together executive-level comfort, and the flexibility families need. Its three-row cabin offers generous space for passengers, while premium features such as ventilated front seats with massage functions, 12-way power-adjustable seats with memory, tri-zone climate control, and a 12-speaker Bose sound system elevate the experience for everyone on board. Its plug-in hybrid powertrain delivers 299 PS of combined output, up to 115 kilometers of pure electric driving range, and a total driving range of up to 1,200 kilometers. Whether serving as a comfortable family vehicle or a refined everyday SUV, the RX9 PHEV offers luxury and versatility without limiting its appeal to family use.

Meanwhile, the MG ZS Hybrid+ continues to receive recognition for bringing hybrid technology into the compact SUV segment.

MG ZS Hybrid+

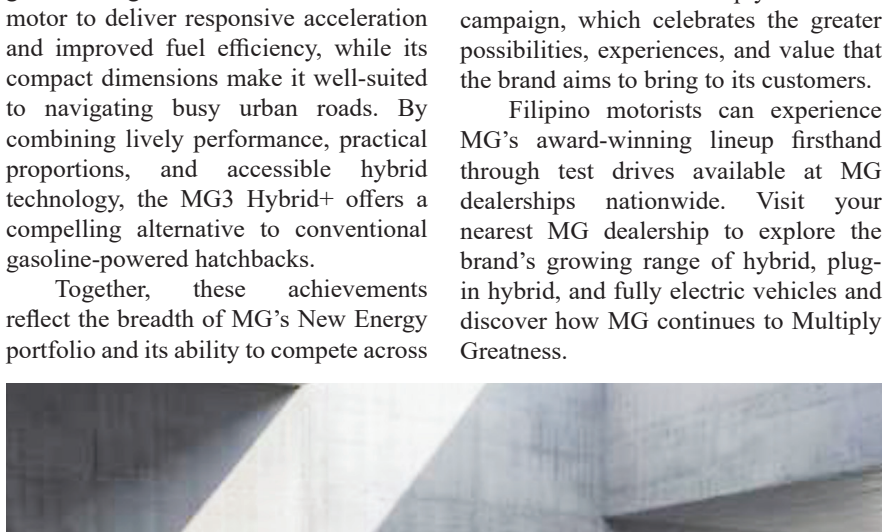

• Best Hybrid Car of the Year 2025 — Carwow (Spain)
• Best Small SUV 2025 — WhichCar by Wheels (Australia)

The MG ZS Hybrid+ brings together the elevated driving position and practicality of a compact SUV with the efficiency of MG's Hybrid+ technology. Its hybrid system delivers a combined output of 197 PS, providing responsive acceleration while intelligently managing gasoline and electric power to help optimize fuel consumption. These awards highlight its balance of performance, comfort, and everyday usability.

The MG3 Hybrid+ has also established a strong international award record with six distinctions across different markets.

MG3 Hybrid+

• Editors' Choice for Compact Car 2026 — Esquire Essentials for Automotive, Esquire Philippines (Philippines)
• Car of the Year 2025 — Association of Journalists for the Promotion of the Car of the Year in Greece (ATX / PASyDAM) (Greece)
• Affordable Hybrid Car of the Year 2025 — Auto Express (United Kingdom)
• Family Car of the Year 2025 — VAB (Belgium)
• Car of the Year 2024 — Thai Automotive Journalists Association (TAJA) (Thailand)
• Hybrid of the Year 2024 — Top Gear Philippines (Philippines)

The MG3 Hybrid+ has earned recognition across Europe, Asia, and the Philippines for making hybrid performance more accessible in the compact hatchback segment. Its 1.5-liter gasoline engine works with an electric motor to deliver responsive acceleration and improved fuel efficiency, while its compact dimensions make it well-suited to navigating busy urban roads. By combining lively performance, practical proportions, and accessible hybrid technology, the MG3 Hybrid+ offers a compelling alternative to conventional gasoline-powered hatchbacks.

Together, these achievements reflect the breadth of MG's New Energy portfolio and its ability to compete across different segments and international markets. Whether through the efficiency of its hybrid models, the versatility of its plug-in hybrids, or the technology and practicality of its fully electric vehicles, MG continues to demonstrate that innovation and value can go hand in hand.

For MG, these awards represent more than individual model achievements. They reinforce the brand's commitment to delivering vehicles that respond to the changing needs of motorists while making modern automotive technology more accessible. This direction is at the heart of MG's Multiply Greatness campaign, which celebrates the greater possibilities, experiences, and value that the brand aims to bring to its customers.

Filipino motorists can experience MG's award-winning lineup firsthand through test drives available at MG dealerships nationwide. Visit your nearest MG dealership to explore the brand's growing range of hybrid, plug-in hybrid, and fully electric vehicles and discover how MG continues to Multiply Greatness.
